An official guest list for Bohemian Grove's 2008 midsummer encampment along with a map of the Grove's facilities has been obtained by a San Francisco based action group who held protests and information drives outside the entrance to the elite summer retreat.

The list reveals that amongst the hundreds of corporate representatives, government officials and banking elites, guests also included former president George H.W. Bush, David Rockefeller, Henry Kissinger, Donald Rumsfeld, Colin Powell, as well as several former directors of the CIA, including James Woolsey.

The list was obtained by members of the group truthaction.org, a 9/11 truth organization who were present outside the secluded entrance to the Grove in Sonoma for the duration of the two week event.

The activists spoke to employees coming and going from the Grove, as well as actual and Bohemian Club members, taking the opportunity to hand out 9/11 truth information.

A truthaction.org forum entry states:

This year, 9/11 truth activists have been a regular presence at the entrance to the Grove during the two week event, talking to many of the workers coming in and out and also to several of the campers. A number of workers have expressed profound gratitude for the presence and message of the activists and at least one elite camper displayed a seemingly genuine interest in the 9/11 truth materials he was given, stopping to talk for awhile and revealing that he was camping with a form

CIA director before heading back into the Grove with his infopack.

Bohemian Grove is a 136-year-old all-male encampment complete with restaurants, bars, stages and lodges, which caters to around 2,000 members of the global elite along with Californian hoi polloi on a yearly basis in July. The camp is set within a 2,700 acre secret forest replete with giant redwood trees.

In addition to the regulars mentioned above, former attendees include Ronald Reagan and Richard Nixon, who both went on to become President.

Bush Senior's camp group, is called the *Hill Billies*, which includes representatives from business, banking, politics, universities and the media. Other camps include:

- Mandalay** (Big Business/Defense Contractors/Politics/U.S. Presidents);
- Cave Man** (Think Tanks/Oil Companies/Banking/Defense Contractors/Universities/Media);
- Stowaway** (Rockefeller Family Members/Oil Companies/Banking/Think Tanks)
- Uplifters** (Corporate Executives/Big Business);
- Owls Nest** (U.S. Presidents/Military/Defense Contractors);
- Hideaway** (Foundations/Military/Defense Contractors);
- Isle of Aves** (Military/Defense Contractors);
- Lost Angels** (Banking/Defense Contractors/Media);
- Silverado squatters** (Big Business/Defense Contractors);
- Sempervirens** (Californian-based Corporations);
- Hillside** (Military — Joint Chiefs of Staff)

In 2000 radio host and film maker Alex Jones **infiltrated the gathering and caught on video footage** of a bizarre mock human sacrifice ritual, known as “the cremation of care” under a 40 foot stone owl that the members refer to as Molech.

Attendees dress up like Klan members in hooded robes and perform druidic pagan ceremonies to mark the spectacular finale of the event.

In 2004, **The New York Post reported** that top gay porn star Chad Savage was hired by Bohemian Grove to “service” its members during the event and “attend to their every need”.

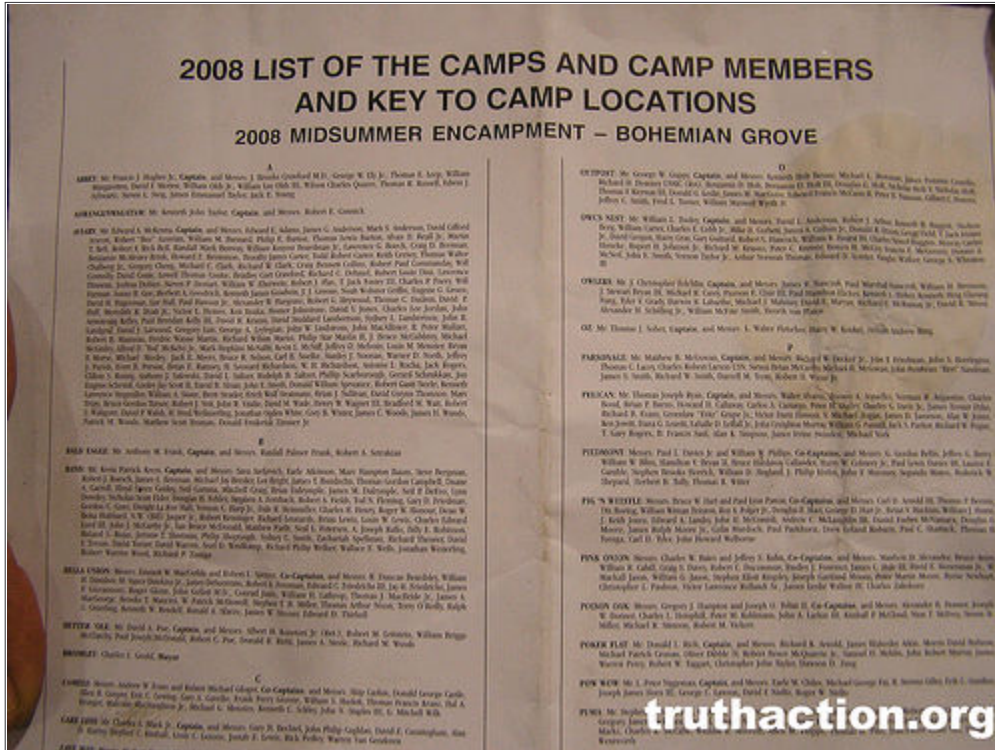

“When they’re not listening to policy speeches, “Bohos” are known to urinate freely in the redwoods and perform mock-druidic rituals that revolve around a 40-foot-tall stone owl altar, called “Cremation of Care,” members wearing red-hooded robes cremate a coffin labeled “Dull Care” at the base of the owl altar,” the report stated.

Homosexual orgies are known to be part of the festivities enjoyed by the predominant “Christian conservative” leaders who go there. Former attendee **Richard Nixon once visited the Grove** as, “the most faggy goddamned thing you could ever imagine.”

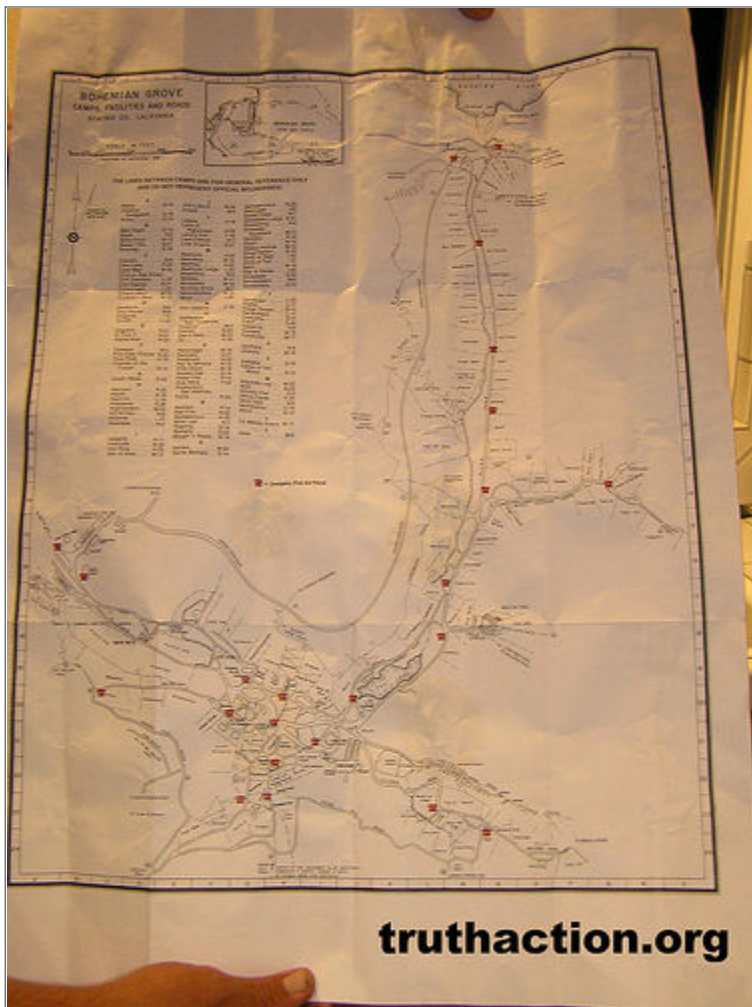

A reader who got a summer job working at the Grove in 2005, Chris Jones, **told us that he was regularly propositioned for sex** by the old men attending the encampment and he “slept around” and wanted to have some fun.

Jones was later **sentenced to three years in jail** by California authorities for simply showing a video tape of his visit to minors.
